

- Every year Tractors and Machinery are involved in almost half of all farm deaths.
- Child deaths generally involve, tractors & machinery, drowning or falls from height.
- Those over 50 years of age are at much greater risk of death or serious injury.
- Livestock account for about one third of all deaths and injuries.

You Can Farm Safely - A GOOD FARMER IS A SAFE FARMER!

- Death and injury can be prevented – Manage your farm safety – on www.farmsafely.com
- Think of and manage the risks to Children & Elderly on your farm.
- Concentrate your safety efforts around Tractors & Machinery, Livestock and Falls from Height.
- Smart farmers plan for the future – plan safety into any expansion plans.

STOP TAKING RISKS - It's not worth it!

(Note; A Memorial Day for those bereaved by a farm death is being planned for late June)
